## Skill: Scanning

### Skill tip

Scanning means quickly reading the text to find specific information. Don't read every word!

"My name is Jane, but here in Accra, the capital of Ghana, people call me Ama. I live with a woman called Lizzie and her five children. I teach English at a local school four days a week. Daily life here is very different to my hometown of Newcastle in England. Everyone gets up when the sun rises, at around 5 a.m. We have breakfast outside at

around 6 a.m. We use our hands to eat. Then I walk to school. I teach from 8 a.m. to midday. When I get home, I help the children feed the rabbits and chickens. Sometimes we have rabbit for dinner! About three times a week in the afternoon, I visit the market to buy fruit and vegetables. I can check my e-mail in a small shop, too, and talk with friends. When I get home I usually read a book. Lizzie spends all afternoon cooking dinner outside and talking with friends. I sometimes help the children do their homework, and then we sit outside and have dinner together. After dinner we always watch TV. The sun goes down very quickly here. We all go to bed at nine o'clock. On weekends I often take a minibus to the center of town, and I sometimes go to the ocean."

### 1 07 Read the web page and find out what Jane does ...

- |                                   |                       |                |
|-----------------------------------|-----------------------|----------------|
| 1 at five o'clock in the morning. | 3 three times a week. | 5 at 9 p.m.    |
| 2 around 6 a.m.                   | 4 after dinner.       | 6 on weekends. |

### 2 Answer the questions.

- 1 How many people does Jane live with?
- 2 How often does she go to school to teach?
- 3 What nationality is she?
- 4 How does she get to school?
- 5 When does she help the children do their homework?
- 6 Where do they have breakfast and dinner?
